What's New in 2022?

What can be said about the last two years that hasn't been said? What will 2022 be like?

We can all speak to how challenging the last two years have been, people lost, opportunities placed on hold, lives disrupted and on and on. For some, it would be easier to dwell on the "what ifs" and the "what we losts". We can hope, fingers crossed, we can pray loudly and often that this year will be better, or we can choose to be actively engaged in making it better. That's my choice, to see what I can do to make it better and is the choice of the other leaders in Chapters, District and Team GWRRA. We are asking you, the Members, to join us.

Until a huge bonfire is created, fueled by hand sanitizer and face masks, we will play the hand that is dealt. Rather than make resolutions, lets make a wants list.

1. Engage all our Members, active and not-so-active.
2. Bring in fresh faces, new Members.
3. Ride, ride, and more rides.
4. Renew the joy of gathering together.

Has it been a while since you attended a gathering? There are new restaurants to try and fresh faces to meet. Check the location list as a few Chapters have moved.

The Ride Coordinators are looking for suggestions for rides. Same old rides are a thing of the past. You know you have a place on your bucket list you'd like to ride to or one that merits a return visit, bringing your Chapter with you.

Rallies and Chapter events are back! Poker Runs, Fall Sprawls and Crazy Suppers, to name a few. Wingless Weekend promises to be a blast. All the information is in the newsletter.

Doesn't matter what you ride. Doesn't matter if you still ride. Only matters that we enjoy each other's company. Be part of the plan to make 2022 spectacular!

The District Team wishes you a happy and healthy 2022.

District Membership Enhancement

As we begin this new year, let's all think about how we can make a difference in our chapters. How can we, as MECs, make a difference in our chapters? Maybe it's time to reflect on what Membership Enhancement actually is.

Merriam-Webster defines the two terms as follows:

Membership:	1. The state or status of being a member
	2. The body of members
Enhancement:	1. An increase or improvement

Dave & Randi Green
VA District MEC
RG: davenrand@cox.net
DG: duffer4fun@yahoo.com
RG: 757-870-7282 DG: 757-846-8388

GWRRA has this to say about Membership Enhancement:

> "The Purpose of the Membership Enhancement Program is to ensure that GWRRA members at every level in the organization have an enjoyable experience while participating in the many opportunities GWRRA provides. To make a long story short…we want you to have FUN!"

In order to make it FUN for EVERYONE, we all need to take a hard look at the membership composition of our respective chapters. I'm sure we all have older, more seasoned riders, long-time GWRRA members, as well as some who might be relatively new to not just GWRRA, but maybe new to riding as well. Some members may have health issues that prevent them from participating in those longer rides or other physically active activities and events. We can't just exclude them – they're members and we should do everything we can to make them feel that sense of belonging.

As MECs, it's our job to keep the fun going for everyone! Plan a wide variety of activities that cover several different interests. Survey your chapter. List potential activities to see if there's interest there. Ideas could include bowling, miniature golf, cook-outs, game nights, etc. When it comes to riding, work with your Ride Coordinator or Chapter Director to have rides mixed in that are suited for all experience levels. That's not to say that you can't plan an iron-butt type ride or a super twisty ride sometimes. We know we all have members who love that type of riding. We're just recommending that all rides aren't structured that way. Have some riding opportunities for those who are developing their skills. If they're working on their confidence, it's much better to have them with a group.

As we plan out our calendars for 2022, we need to think about communication. How are you getting the information out to your members? Email is a great tool, as are Facebook and Groupworks. Here's the catch: Not everyone has an email and not everyone is on Facebook or is comfortable on a computer in order to access Groupworks. So what do you do? In our chapter, we have a few members that we either call or text info about upcoming events.

For emails, PLEASE make sure you verify the information on your Full ARL Member Listing to make sure you have correct email addresses and phone #s. Are newer members on your group email list so that they get the information? It's very disappointing to hear from a new member that they never hear anything about a chapter gathering or ride. While you're updating your email list, please add us to it so we can keep up to date with your gathering times and locations – some of you float to different locales so we'd like to hear from you! Here's the email address to add: vadistrictmec@gmail.com .

Facebook is another popular means of communicating, but it can't be the only one. See above where some folks aren't on Facebook. It's great for creating events that members can RSVP to (not that they always do!), but you should always follow up with an email (or phone call) to get the information out.

Last, but certainly not least, use your newsletter! As the Chapter MEC, you should be providing an article for each monthly newsletter. The newsletter itself doesn't have to be fancy – it can just be a 1-page bulletin that is emailed (and mailed to those without email). Be sure to include the District Director, District Newsletter Editor, and us on those newsletter emails.

We know all of this sounds like a lot, but once the practice is put in place, it's really an easy thing to manage to keep the FUN in all of our chapters!

Hope to see all of you next month for Wingless Weekend at Camp Wingless and the Crazy Hippie Supper hosted by Chapter F in Winchester!

Ride Safe! - 12 Second Rule (saferideronline.com)

Many of you have heard of the five second rule and maybe have even used it on occasion. Few people would actually admit to practicing the five second rule, especially at home. The rule states that any food item dropped on the floor is OK to eat as long as it is picked up within five seconds. Some people extend the time limit to as much as thirty seconds. Presumably if the floor is clean, there is less time allowed to get it picked up before it dirties the floor. The five second rule is also used at some picnics.

The twelve second rule is not about food, but about riding a motorcycle. The only relevance it has to food is helping to ensure we are able to eat after the ride. The twelve second rule defines how far ahead we should be looking as we're riding down the road. It identifies our visual lead as that point where we'll be in twelve second as we're searching for potential problems with traffic and the road itself.

So what does a twelve second visual lead really mean? How far in front of our bike should we really be scanning? At 30 mph, a relatively slow residential speed, we are moving at 44 feet per second. That means we should be looking 528 feet or about a block ahead of our front wheel.

If we can see a situation developing a block down the road, at 30 mph we should be able to make it a non-issue by the time we get there. At 45 mph, we're traveling 66 fps so our scanning should be out 792 feet. On an expressway at 60 mph, our visual lead should extend to two-tenths of a mile.

There are those who get concerned that they won't see tar snakes, pot holes, tire remnants, oil or gravel on the road if their eyes are focused that far ahead of their bike. They may be right. They might not recognize a pot hole or an oil spill a block away. However they will probably see a dark spot on the road at that distance. If not, their peripheral vision should pick up the color change as they approach it. A different colored area spotted on the road may not be immediately identifiable as anything other than a potential hazard. It can be clarified as it gets closer and normally things that small are easily avoided by simply riding around them.

In reality, these are smaller, albeit important, issues compared to the car getting ready to pull out of the driveway or the erratic driver that's not connecting to their driving. That's not to say we should ignore anything closer to us, but the point is that we need to keep our focus far enough out to see the potentially big problems developing. A quick scan can help us respond to the smaller surface issues we might encounter.

The five second rule can define what's edible, but the twelve second rule might ensure we make it to the picnic without any major problems. Seeing a situation before it develops can make dealing with it a piece of cake.
Ride Smart! Ride Safe!

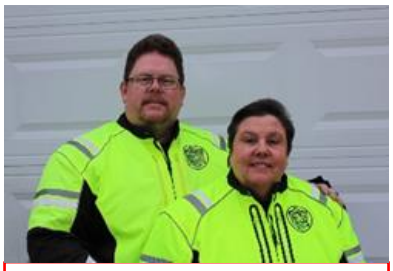
If I had my wish…

…, all 12 Virginia Chapters would have chosen their Couple of the Year. It would be a wonderful year and probably the first in recorded history for the State of VA.



Dennis & Phyliss Easton
VA District Couple of the Year
757-636-1023
eastondm@cox.net

I'm still waiting for your Chapter Director to notify me as to who they are. Chapter Directors, please let me know who your Chapter Couple of the Year is. Email me, Dennis & Phyliss Easton at eastondm@cox.net . If the decision has not been made, it's not too late. Let the Chapter Director know who you think it might be.

What is the Chapter Couple responsible for? Nothing more than to continue what they have been doing all along, being the positive face of your Chapter and GWRRA. There are no job requirements. It is an Honor. The Director is honoring the Couple for their ability to promote GWRRA with their positive attitude while participating in Chapter activities, an ambassador, of sorts.

They uphold the GWRRA MOTTO of Friends for Fun, Safety and Knowledge.

I sure hope my wish will come true. I have only been notified of 2 chapters who have selected a Couple. That leaves 10 other Virginia Chapters who have yet to select a Couple. In some cases, Chapters have not selected a Couple for 5+ years. We can change this. Please call your Chapter Director and voice your opinion on who they should be honoring.

It is not an academic contest
It is not a beauty contest (I have already won that one, a lifetime member.)
It is not a trial by fire.
It is not voted on.

It is honoring that Couple that has demonstrated, above all else, that they are Friends of GWRRA and are happy to show it.

Update on the 2022 Motorcycle Lobby Day Meeting
Sunday January 16, 2022

Virginia is feeling the effects of the Omicron spread. With reported COVID cases hitting record highs we have decided to revert back to a virtual format for the 2022 Motorcycle Lobby Day Meeting. The health and safety of our attendees must be our first priority. If you wish to attend the virtual meeting, please email me and let me know that you want to be sent a link. Daisha will send out a Zoom link the week prior to the January 16th meeting. That meeting will start at 1:00 p.m.

At this meeting we will discuss this year's legislation affecting motorcyclists. We will also give pointers on how to talk to and email your legislators about the important legislative issues that we will discuss.

This year we intend to pursue two legislative initiatives that came out of this year's Motorcycle Legislative Roundtable. One bill will seek to change the law in Virginia in order to allow motorcyclists options when traffic is backed up or stopped. Several states currently allow some form of lane filtering / splitting. VCOM is pursuing legislation that will legalize that practice in Virginia. The other bill will aim to end the discriminatory practice of excluding motorcycles from high mileage tax relief. Many localities offer tax breaks to owners of high mileage vehicles, yet most of these localities exclude motorcycles from such tax relief. VCOM feels that that is both discriminatory and wrong, and we are seeking legislation to prevent localities from doing that.

We often find ourselves on the defensive end of legislation. VCOM lobbyists keep watch for bills which negatively affect motorcycling as well. As these bills are filed, we will identify them so that we can discuss them at Lobby Day and convince legislators to oppose any bills that we feel are harmful to Virginia motorcyclists.

Unlike past years, we will not be going as a group to the capitol on the following Monday. The Clerk is encouraging people to avoid large groups due to the narrow hallways and small rooms at the Pocahontas Building where the legislators' offices are located. We are respecting that request and encouraging people to either email their legislators, or better yet, make an appointment to see them in their office on a date that is convenient.

I encourage everyone who can to join us. It is a lot of fun, it is educational, and most importantly, it shows the legislators that motorcyclists are a significant and active portion of the electorate.

For more information you may call VCOM at (800) 437-9434. You may also email me at matt@motorcyclelawgroup.com. We hope to see you at the 2022 Virtual Motorcycle Lobby Day Meeting.

GWRRA
Levels Program Update
January 1st, 2021

The existing grace period for all Members who expired at their highest level of achievement in the GWRRA Rider Education Levels Program on or after January 1, 2020, is being extended through December 31st, 2021.

The guidelines in place for non-current GWRRA Rider Education Course and Medic First Aid® Instructors will remain the same. They cannot conduct a rider course or class unless or until current at their highest level of achievement.

The guidelines in place for non-current GWRRA University Instructors and University Trainers will remain the same. They cannot present any of the seminars or modules in the 100 series in the University's library and can continue to present all other University library offerings they are certified to present.

While we do expect to see an increase in educational opportunities in the coming year, we recognize there will continue to be significant challenges to overcome for many Districts and Members in the Association.

The GWRRA Rider Education team will continue efforts to preserve the integrity of the Levels Program while striving to serve the Membership equitably.

For more information, please contact the appropriate Team GWRRA Program Director: Lorrie Thomas, GWRRA University Program Director universitydir@gwrra.org or Susan Huttman, GWRRA Rider Education Program Director director_re@gwrra.org

… for 2021 GWRRA financial reporting. The filing to me is due January 16.

Just a quick reminder that your chapter financial reports are due for the 2021 filing year.

I am asking all of our CDs and Chapter Treasurers to complete your financial packages and get them to me no later than **January 16, 2022**. If you have any questions or are having any difficulty completing your task don't hesitate to call me or email me. My contact info is directly under my picture. You can contact me anytime after 6pm during the week.

The quick summary of what you will need to either be emailed or USPS mailed is:

1. The Financial Report Cover Sheet
   a. Don't forget the CD signature
2. The 2-page GWRRA Financial Report
   a. Don't forget the two signatures you need on this page
   b. It is required to show that the end balance on this statement matches that of your December bank statement. If it doesn't match, show how you reconciled the two.
3. A copy of your December bank sheet showing the year end balance
   a. Must match the ending balance on your financial report
4. Your bank's record of signatures OR the Bank Information and Officer Signature form
5. An updated equipment list
6. Your **ACCEPTED** IRS 990-N form (this won't happen unless the IRS is ready for you. You can send this later)

If you have been keeping your chapter's records current with every monthly bank statement you receive, this year end stuff should be relatively easy. Keeping organized and current throughout the year is the key to making the year end stuff as painless as possible. What the forms look like are on the following pages.

Virginia District Treasurer & Newsletter Editor *Roman & Joanne Paryz*

PS—If you are having issues with any of your financial stuff that can't be resolved via email or phone call, you see me face to face at Officer Conference (OPS) meeting that will be held January 15th in Monticello and we can take care of it there.

Gold Wing Road Riders Association
Chapter 2021 Year-End Close-Out Process

The below information will assist your team in completing the documentation to meet our financial reporting requirements.

In general, Chapters will send their Financial Reports to their District Director or the District Director's designee such as the District Treasurer.

Every Chapter is to complete and file a ***Financial Report Package*** consisting of the following documents:

1- The Financial Report Cover Sheet, attached.
2- The 2-page GWRRA Financial Report which is part of a more comprehensive Excel spreadsheet, available on our website under Officer Resources. If you have used this spreadsheet throughout 2021, you already have it. If you have used another format of your own, please transcribe your information to the "Financial Report" worksheet, print it, and submit same after signing.
3- The December Bank Statement page showing the balance to which you **reconcile** the Financial Report. ONLY December's statement is necessary. **IF YOUR BANK STATEMENT SHOWS A DIFFERENT ENDING BALANCE THAN THE FINANCIAL REPORT, YOU MUST RECONCILE YOUR BANK STATEMENT TO THE FINANCIAL REPORT.**
4- A *Bank's Record of Signatures* on your account OR a completed *Bank Information and Officer Signature* form, attached. Please assure that the signatories reported are the ONLY ones authorized on your account.
5- An updated Equipment List, attached.

Who Files? When to File? Where to File?

Responsible Person: Treasurer and Director
When to File: By **Jan 15, 2022, but no later than Jan 31, 2022**
Where to File: CHAPTERS send the package to your District Director or Designee

Chapters and District Directors are to maintain all Financial Reports for 7 years. When a new Director takes the reigns of a Chapter, the outgoing Director is to convey these reports to the new Director. The Director of Finance will follow up with District Directors to assure all the Chapters in their District complete this process.

Other Information

****IMPORTANT**: IN LIEU OF THE** *Bank Information and Officer Signatures Form submitted in the past*, contact your servicing bank and request a listing of official signatories on your bank account Referred to as "*Bank's Record of Signatures Form*." Whatever form the bank uses will suffice provided it lists all active signatories on the account. For example, Wells Fargo's form is called "*Addendum to Certificate of Authority for Changes to Authorized Signers on Business Deposit Accounts.*"

Chapter 2021 Year-End Close-Out Process

GWRRA Equipment List

Each year, Directors must document their **equipment** having an original acquisition value of $100 or more that belongs to their Chapter. "Equipment" includes items such as a computer, printer, file cabinet, a BINGO machine, etc. DO NOT include expendable items such as picnic supplies, coffee, 3-ring binders, envelopes, etc.

****NOTE****: If the Chapter does not have reportable equipment just indicate that fact by initialing "Item E" on the *Financial Report Cover Sheet*. By doing so, you are certifying you have no reportable equipment in your Chapter.

If your Chapter **does** have reportable equipment, use the attached form to document the inventory.

The spreadsheet can be filled-in, then printed. If you use the pdf version, you must print it and fill in the information manually.

Simply prepare an "inventory" of the current equipment in the Chapter's possession. The Comment column is useful for recording WHO in the Chapter has the equipment item listed.

After documenting the inventory, the Director must SIGN and PRINT their name on the bottom line certifying that they have the equipment, in the Chapter, or knows who in the chapter has the noted equipment in their possession.

Finally, if you are not sure on how to accomplish any of the aforementioned tasks, please contact the GWRRA Director of Finance, Randall Drake, at financedirector@gwrra.org or at 720-480-2800 for guidance.

990-N Acceptance Confirmation from IRS

We have separated the reporting of the Accepted IRS 990-N from the Financial Reports. Separately forwarded instructions for reporting your 990-N to GWRRA will be forthcoming in a separate email.

Financial Report Cover Sheet

Use one cover sheet for each Financial Report. District Directors are to review and initial each Chapter Financial Report and Cover Sheet. The Director of Finance will review and initial District Financial Reports and Cover Sheets.

All Financial Reports must include a copy of the reconciled bank statement from the period just closed, usually that is December. The statement must be issued by the bank that holds the account, may be printed from the Internet or be copies of the actual statement, and **show the reconciliation to the check register**.

Attach a Completed Form to each Financial Report

Chapter Financial Reports remain with the District and District Financial Reports remain with the Director of Finance. Electronically stored documents are acceptable and will be retained for 7 years.

This is a:

☐ Chapter Financial Report for _____ (Chapter designation, formatted such as CA-1Z, or OK-K)

IRS Financial Reporting Season Is Here Almost

The one item that several chapters had difficulty with is filling the IRS 990N form. Filing this form with the IRS is easy and **FREE**. If you find a website that asks for a filing fee, you are on the wrong website. Like I said, **FILING IS FREE.**

The other key point is to include the verification from the IRS that your filing has been accepted. See below for the **INCORRECT** and the **CORRECT** verions of what to send to to the District.
